

New Source Review newspaper advertisements for construction permit applications, July 7, 2016. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: June 24, 2016, June 27, 2016, July 5, 2016, July 6, 2016 or July 7, 2016. Public notices are generally published every week. The previous publication of public notices was June 30, 2016.

#### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15<sup>th</sup> Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2<sup>nd</sup> Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532 0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is Department of Intellectual Developmental Disabilities – Middle Tennessee Regional Office with a mailing address of 275 Stewarts Ferry Pike, Nashville, TN. They seek to obtain a construction permit (Division identification number: 19-0011-01/71688) for two (2) existing natural gas fired boilers with No. 2 Fuel Oil usable as backup fuel. The boilers, one with a heat input capacity of 50.38 MMBtu/hr and the other with a heat input capacity of 26.17 MMBtu/hr will be used for institutional comfort heating. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would not be physical construction. Regulated air contaminants are emitted by this source. Mr. B. Hall is the assigned Division person.

For the Davidson County “Tennessean”-- publish once on Thursday, July 07, 2016.

---

The applicant is Jones Fiber Products, Inc. with a mailing address of P.O. Box 1195, Morristown, TN 37816. The facility seeks to obtain an air contaminant permit (32-0213/971331P) for its cotton and synthetic fibers processing facility operation located at 134 Pope Road, Morristown, TN 37813. The existing operation consists of Product Garnetting (Department 1) and Product Blending (Department 4); using dust collectors for pollution control. The dust collectors exhaust through a common cyclone filter. There will not be any physical construction. Regulated air contaminants are being emitted by the source. Tawanna F. Reid is the assigned Division person.

For the Hamblen County “Citizen Tribune”-- publish once on Thursday, July 7, 2016.

---

The applicant is Lincoln Road Builders, Inc. with a mailing address of P.O. Box 976, Fayetteville, TN 37334. They seek to obtain air contaminant permit(s) for a Drum Mix Asphalt Plant Operation and associated equipment at the following location: 52-0022-02/971761 for 1923 Pulaski Highway, Fayetteville, Tennessee 37334.

The requested operations are for the approval to emit regulated air pollutants. Mr. Jabari D. Martin is the assigned Division person.

For the Lincoln County “Elk Valley Times”-- publish once on Wednesday, July 6, 2016.

---

The applicant is Valmont Industries, Inc. with a mailing address of 1950 Industrial Blvd, Jasper, TN 37347. They seek to obtain an air contaminant permit (Division identification number: 58-0090-08/71744) for construction of a proposed welding and plasma cutting operation located at 1950 Industrial Blvd, Jasper, TN 37347. This proposed operation would consist of ten welding stations, five hand held plasma cutters, and associated equipment. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Doug Wright is the assigned Division person.

For the Marion County “Jasper Journal”-- publish once on Tuesday, July 5, 2016.

---

The applicant is Best Cleaners of Columbia, LLC with a mailing address of 2640 Pulaski Highway, Columbia, TN 38401. They seek to obtain an air contaminant permit (Division identification number: 60-0294/71469) for a dry cleaning facility located at 314 E. James Campbell Boulevard, Columbia, TN 38401. This existing operation consists of (1) dry-to-dry petroleum dry cleaning machine and (1) transfer petroleum dry cleaning machine. A refrigerated and water cooled condensers are used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. J. Pratt is the assigned Division person.

For Maury County "Daily Herald"-- publish once on Friday, June 24, 2016.

---

The applicant is Pentacles II, LLC dba Well 1043-Robbins, TN with a mailing address of 1600 Ponce DeLeon Boulevard, Suite 1201, Coral Gables, FL 33134. They seek to obtain an air contaminant permit (Division identification number: 65-0064-04/71459) for construction for a Compressor engine of an Oil and Gas Storage Operation located at North of Nydeck Road and Young Road, Robbins, TN 37872. This proposed construction would consist of a compressor with a 600 horsepower natural gas-fired engine and associated equipment. The use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned Division person.

For the Morgan County "Morgan County News"-- publish once on Wednesday, July 6, 2016.

---

The applicant is Darling Ingredients Inc. with a mailing address of 2027 River Road, Union City, TN 38281-0727. They seek to obtain air contaminant permits for modifications to the cooking processes and presses used for rendering animal products and to replace a boiler located at the same address, as follows:

- (1) Changes to Emission Source 02, the cooking operation include the addition of Regenerative Thermal Oxidizer (RTO) (Division identification number: 66-0094-02/71716). The proposed addition would consist of the installation of an RTO with a 4 MM BTU/hr burner for enhanced odor control at the facility and diverting the venturi quencher exhaust to the RTO. The RTO will provide better control of odors and emit less particulate and volatile organic compounds (VOC). The RTO will be used in lieu of two previous packed tower scrubbers (Stage 1 and Stage 2) which will now be used for backup to the RTO. Other changes include removal of the poultry low temperature process line.
- (2) Changes to Emission Source 01, the plant boilers (Division identification number: 66-0094-01/71717). A replacement boiler (Boiler 6) rated at 50.21 MM BTU/hr heat input, 1200 HP, manufactured by Cleaver Brooks will replace Boiler 3 (Kewanee) rated the same capacity which has failed. The new unit will fire natural gas as the primary fuel with low sulfur diesel fuel and processed fats as secondary or backup fuel supplies. Low nitrogen oxide (NO<sub>x</sub>) technology is proposed for the burners serving Boiler 6.
- (3) Changes to Emission Source 03. The 25 MM BTU/hr natural gas fired rotary dryer (Dryer 3) will be removed. The Stage 2 spray chamber scrubber will be repurposed to control room air odor.

For the projects above there will be physical construction and regulated air contaminants would be emitted in each case. Mr. C. Meek is the assigned Division person.

For the Obion County "Union City Daily Messenger"-- publish once on Monday, June 27, 2016.

---

The applicant is Delight Products with a mailing address of 1200 Industrial Drive, Springfield, TN 37172. They seek to obtain air contaminant permit(s) for an Oven/Cooler Process Operation and associated equipment at the following location: 74-0040-05/971471P, 971673 for 1200 Industrial Drive, Springfield, Tennessee 37172.

The requested operations are for the approval to emit regulated air pollutants. Mr. Jabari D. Martin is the assigned Division person.

For the Robertson County "Robertson County Times"-- publish once on Wednesday, July 6, 2016.

---

The applicant is Columbia Gulf Transmission, LLC-Clifton Junction Compressor Station with a mailing address of 235 Noah Drive Suite 300, Franklin, TN 37064. They seek to obtain air contaminant permits (Division identification number: 91-0098-01 & 02/971695 & 971696) for construction of a Compressor Station on U.S.64/Savannah Highway, Clifton Junction, Tennessee. This proposed operation would consist of two (2) Solar Mars 100 turbines (15,601hp each), One (1) Natural gas fired Waukesha emergency generator engine (1,175 hp), One (1) process heater (1.1 MMBtu/hr), Forty (40) catalytic heaters (0.072 MMBTu/hr each) and one (1) new 2000 gallon condensate tank. Because of the amount and type of emissions, pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Sarosh Kaiser is the assigned Division person.

For the Wayne County "Wayne County News"-- publish once on Wednesday, July 6, 2016.

---

The applicant is MTD Products Company with a mailing address of 136 Industrial Park, Martin, TN 38237. They seek to obtain an air contaminant permit (Division identification number: 92-0101-12/71759) for modification of a bake/curing oven located at the same address. This operation consists of a natural gas-fired oven and associated equipment used to cure paints and coatings onto lawn mower parts. The requested modification is to increase the oven's heat capacity. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. E. King is the assigned Division person.

For the Weakley County "Weakley County Press"-- publish once on Thursday, July 7, 2016.
